7. strong, street, straight, string

8. **Use the words given in the table below to fill the gaps in the story.**

<p>year , have, January , twelve , first , celebrate,</p> <p>in, only, with, month</p>
--

There are _____ months _____ a year. Most of the months _____ thirty-one or thirty days. February is the _____ month of the year _____ twenty-eight or twenty-nine days. _____ is the _____ of the year and December is the last

_____ of the _____. Christians _____
celebrate Christmas in December.

Thursday

In questions 1 and 2, use each of the given words in a sentence to show you know the difference in their meaning.

1. pray

2. play

In question 2 – 5, write the abbreviations in full.

3. doesn't _____

4. Oct. _____

5. No. _____

In questions 6 – 8 rewrite giving one word for the underlined group of words.

6. The man who makes chairs and tables met the village chief yesterday.

7. I was born in the fourth month of the year.

8. Daddy is moving through the water with legs and hands.

9. **Read the passage below and answer the questions in full sentences.**

Farmers in Mburo Village prepare gardens in dry season. That is when there is a lot of sunshine to dry grass and bushes cut when clearing the garden. Clearing the garden starts with cutting grass with a panga or small trees with an axe. When they dry, farmers burn them and use hoes to dig the ground. Digging the ground makes it easy for water from the rain to sink into the soil.

When it rains in the wet season, farmers plant seeds. The water in the soil helps the seeds to germinate and grow into healthy plants.

Questions:

- (a) Which village is mentioned in the story?

(b) Who prepare gardens in the village?

(c) In which season are the gardens prepared?

(d) What tool do farmers use to dig the ground?

(e) How is an axe useful to farmers?

(f) What do the farmers do to the grass after cutting it?

(g) In which season do farmers get rain?

(h) How is rain water useful to the seeds?

(i) What word or words can be used to mean the same as "wet season" in the story?

(j) Why do farmers dig the ground before they plant seeds?

Friday

In questions 1 – 7, use the correct form of the word in brackets to complete the sentences.

1. It is _____ now. (rain)
1. Mupere bought the _____ shirt in the shop. (cheap)
3. We have five _____ in our school. (clean)
4. This train moves _____ (slow)
5. Dandi _____ to the market yesterday. (go)
6. Leticia is the _____ girl child in her family. (one)
7. We are washing _____ clothes now. (we)

In questions 8 – 11, rewrite the sentences giving the plural form of the underlined words.

8. My toe is hurting.

9. The lady is wearing a nice dress.

10. That bookshelf is very dirty.

11. **Use the words given in the box below to complete the story correctly.**

near, children, lives , lazy, his, because, school, under, when, until

33. Give any one way people in towns depend on people living in villages.

4. State one reason why people build houses.

5. Give any one way people in a community meet their needs.

6. Study the map below and use it to answer question 6.

(a) Which district is shown on the above map ?

(b) Write down the urban councils marked A and C.

(i) A: _____

(ii) C: _____

(c) Name one important place found in urban council marked C.

Kabojja Junior School

P. 3 Term I Holiday Work 2020

Literacy II

WEEK I

Monday

1. Name one animal found in our environment.

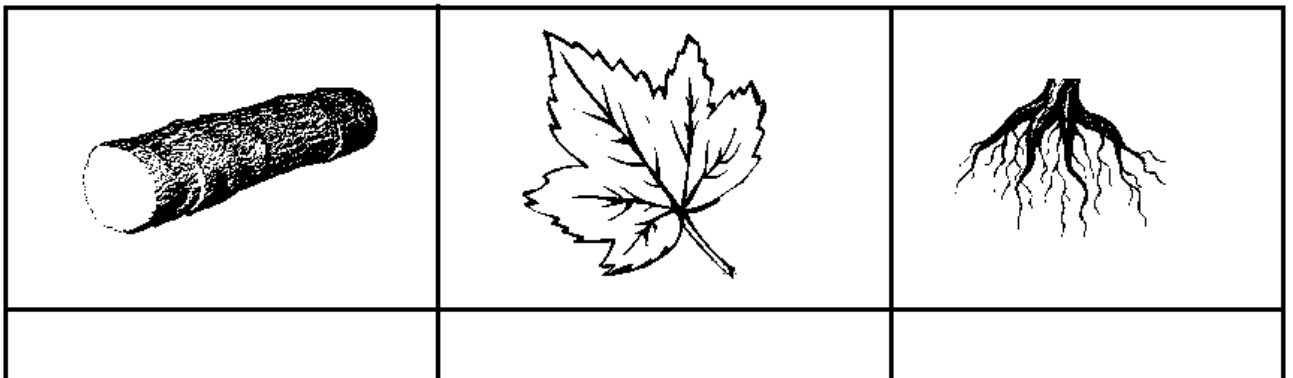

2. Write down one item that we use to clean our teeth.

3. Why is it a good practice to wash our hands before eating food?

4. Give one use of a cat in a home.

5. What is the best type of soil for crop growing?

- 6(a) Name the parts of a plant drawn below.

- (b) Give one thing a plant needs to grow well.

- 7(a) Name one layer of soil.

- (b) Apart from humus, give one other component of soil.

- (c) Write down the type of soil that has large particles.

- (d) Give one way soil is useful to man.

Tuesday

1. Write down one immunisable disease in children below 5 years.

2. Which part of a plant makes food?

The diagram below shows a common animal in the environment. Use it to answer questions 3 and 4.

3. Name the animal shown in the diagram.

4. How is part M useful to the animal?

5. Name the gas animals need to live.

- 6(a) Give one reason why people cut down trees.

- (b) Name one tool people use to cut down trees.

- (c) Mention one danger of cutting down trees in our environment.

- (c) State one way man cares for the environment.

- 7(a) Mention two common diseases in man.

- (i) _____
- (ii) _____
- (b) Mention one cause of diseases in man.
- _____
- (c) Give one way of preventing diseases in man.
- _____

Wednesday

1. Give the importance of doing regular body exercises.
 - _____
 2. Name the animal that moves by flying.
 - _____
 3. State the danger of eating plants that may not know.
 - _____
 4. Write down any one thing from birds people use as food.
 - _____
 5. Mention any one activity a P. 3 child can do to keep the home clean.
 - _____
 6. Match the items in list A to those in list B.
- | | |
|----------|---------------------------------|
| A: | B |
| Toilet | helps to keep water. |
| Firewood | helps animals to see. |
| Light | helps to keep urine and faeces. |
| Jerrican | helps to cook food. |

- (a) Toilet_____
- (b) Firewood_____
- (c) Light_____
- (d) Jerrican_____
- 7(a) Give one way a P. 3 child can care for her/ his uniform.
- _____
- (b) Write down one thing a P. 3 child can use to clean her / his uniform.
- _____

- (c) State one thing that can show a P. 3 child that her / his uniform is dirty.

- (d) Mention one danger of wearing a dirty uniform.

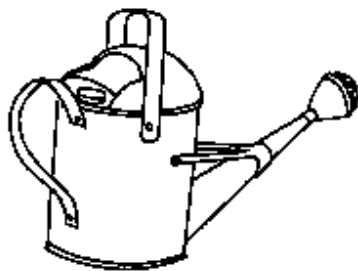

Thursday

1. Write down one plant that gives us fruits.

2. How does a bee protect itself from enemies?

3. Give one reason why P. 3 children wear sweaters in the morning.

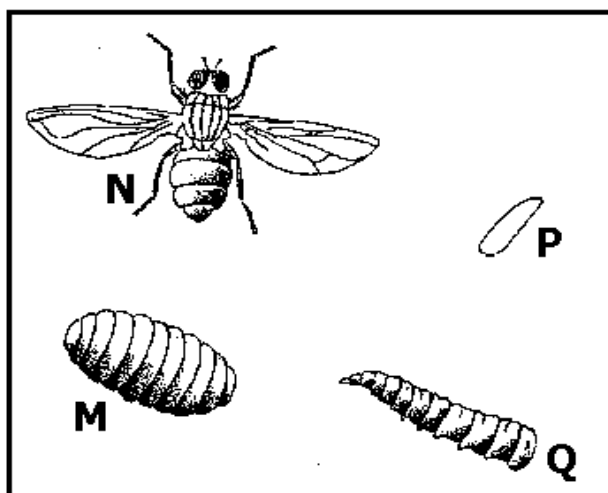

Below is a diagram of a garden tool. Use it to answer question 4 and 5.

4. Name the garden tool shown above.

5. How is the garden tool above useful to crop farmers?

6. **Study the diagram below and answer the questions that follow.**

(a) Name the stage marked M and P.

(i) M _____

(ii) P _____

(b) Which of the above stages is called a maggot?

(c) Write down one disease spread by stage marked N.

7(a) What is weather?

(b) Name the element of weather that helps a P. 3 child to fly a kite.

(c) State one way rain is useful in the environment.

(d) Give one way too much rain is dangerous in the environment.

Friday

1. What does a cow use to defend itself against enemies?

2. Mention one source of food in for the community.

3. How are medical doctors useful in a community?

4. State one way diseases spread among people.

5. Name one item people use to protect themselves from rain.

6(a) Give one example of a wild animal.

(b) Mention one way wild animals are useful to man.

(c) State one way man cares for domestic animals.

- (d) Name the domestic animals that guards our homes against bad people.

- 7(a) Give one way people in a home can make good use of waste paper.

- (b) Name the container used to collect rubbish in our classrooms.

- (c) Mention one item used to clean the floor of a house.

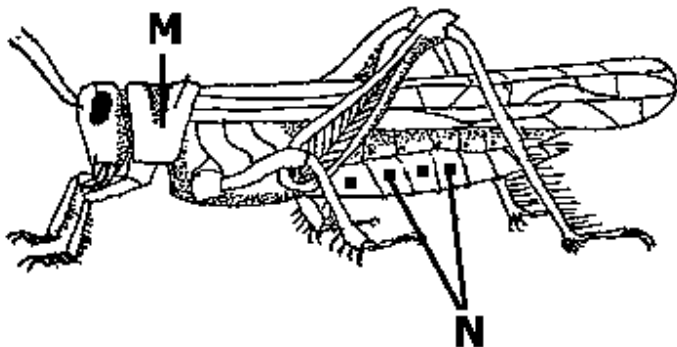

- (d) Write down one way of cleaning the school compound.

WEEK II

Monday

1. How is the sun useful in the environment?

The diagram below is of an insect. Use it to answer questions 2 and 3.

2. Name the part marked M.

3. Give the use of part marked N to the insect.

4. Write down one example of a health giving food.

5. Which sense organ help animals to hear?

- 6(a) Give any one class of food.

(b) Why do animals eat food?

(c) Name one disease caused by poor feeding.

(d) Give one sign of poor feeding in children.

7(a) Mention one source of water.

(b) Give one use of water in a home.

(c) Name one thing that can spoil water.

(d) State one way water can be made safe for drinking.

Tuesday

1. How is grass useful to cows?

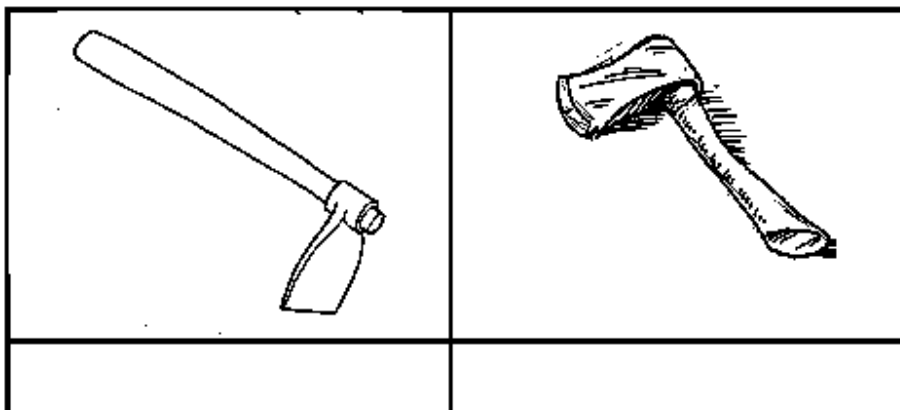

2. What is the best food for babies?

3. Write down one item found in a first aid box.

4. Write any one element of weather.

5. Which type of a family has a mother, father, their own children and other relatives?

6(a) Name the farming tools drawn below.

(b) Give one crop grown for food.

(c) Mention one way farmers care for crops.

7(a) Give one cause of accidents in a home.

(b) Mention one accident that can take place at school.

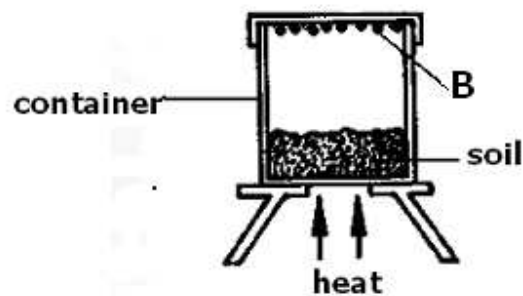

(c) How can accidents be prevented at school?

(d) Name one object that can cause injuries to a child when playing in the compound.

Wednesday

1. Mention one danger of too much sunshine.

Below is an experiment on soil. Use it to answer questions 2 and 3.

2. Name the part marked B.

3. What does the experiment prove about soil?

4. Give one use of electricity in a home.

5. Name the garden tool people use for digging.

6(a) How are the following organs useful to the body?

(i) skin

(ii) tongue

(b) Give one item that people use to keep the following body parts clean.

(i) teeth

(d) fingernails

7(a) Name one part of a plant people eat as food.

(b) Give one importance of food in the body of animals.

(c) Which type of food helps people to be healthy?

(d) Write down one disease caused by poor feeding.

Thursday

1. Give one importance of electricity in a home.

2. What is the best way of preventing measles in children?

3. How is wind useful to man?

4. Which gas is needed by animals to be alive?

5. Why is it good to cut your fingernails short?

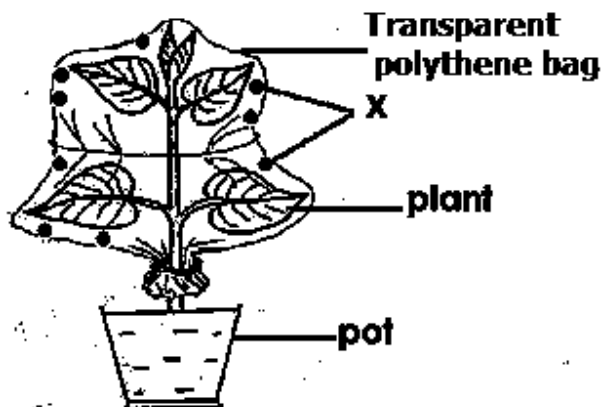

6(a) Write down any one component of air.

(b) Which component do plants use during photosynthesis?

(c) State the danger of sneezing without covering the nose.

(d) Mention one disease people can get from the people who sneeze.

7. **The experiment below shows one of the processes that take place in a plant. Use it to answer the questions that follow.**

(a) Name the process in plants that the diagram above proves.

(b) Why was a transparent polythene bag used in the experiment?

(c) Name part marked X.

(d) Apart from a transparent polythene bag, name any other thing needed to carry out the above experiment.

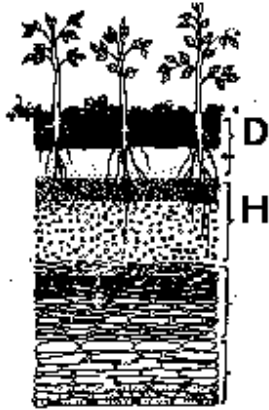

Friday

1. Give one use of trees in the environment.

2. Why are floods called a natural change?

3. How do people protect themselves from coldness?

The diagram below shows the arrangement of soil layers. Use it to answer question 4 and 5.

4. What name is given to the arrangement of soil layers shown above?

-
5. Why is layer D the most suitable for plant growth?

-
- 6(a) Give one quality of good drinking water.

-
- (b) Give one way water is made safe for drinking.

-
- (c) Write down the main source of water in the environment.

-
- (d) Why is it important to harvest rain water?

-
- 7(a) Mention one cause of diseases in the community.

-
- (b) Give one common disease in man.

-
- (c) Write down one way diseases spread among people.

-
- (d) State one way of preventing diseases in man.

WEEK III

Monday

1. What title is given to a father to your father in a family?

2. How do birds reproduce?

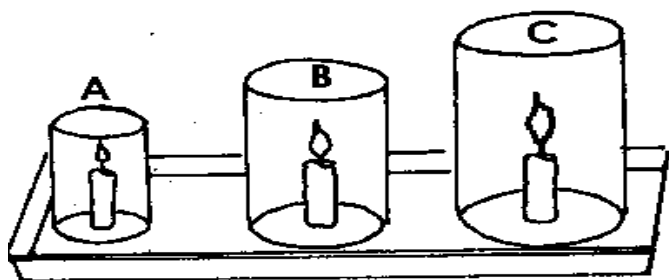

3. Give one way of keeping your home clean.

Given the following list: **cow, lion, sheep, and goat.**

4. What animal is different from the others in the list?

5. Give a reason for your answer in (4) above?

6. **The experiment below was done by a P. 3 class. Study the diagram and answer the questions that follow.**

- (a) What does the experiment prove?

- (b) Why is the flame of the candle in C bigger than that in A and B?

- (c) Which candle will go off first?

- (d) Write down the gas produced when the candles go out.

- 7(a) Mention any two uses of the sun to man.

(i)

(ii)

(b) What are transparent objects?

(c) How are shadows formed?

Tuesday

1. Give one example of a transparent object.

2. Give the importance of radios in the period of immunization.

3. How is a spider different from a house fly in their body appearance?

4. Why should people wash fruits before eating them?

5. Give one use of a leaf to a plant.

6(a) Mention any activity of man that makes the environment dirty.

(b) How are the following things important in keeping our school clean?

(i) dustbin

(ii) pit latrine / toilet

(c) Why do we always wash our hands after visiting the latrine?

7. **The diagram below shows a weather instrument. Use it to answer the questions about**

(a) Name the above instrument.

(b) How is the instrument useful to man?

(c) Which clouds give us rain?

(d) Mention one process involved in rain formation.

Wednesday

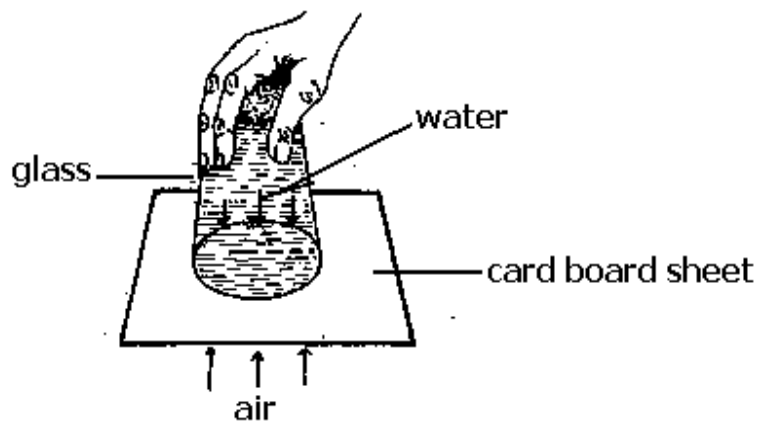

1. Which immunisable disease makes children lame?

2. How are bathrooms that have not been cleaned for weeks dangerous?

3. Why is it dangerous for children to play with razorblades?

4. Mention one container people use to harvest rain water.

5. What property of air is shown in the diagram below?

6(a) Give one importance of sand soil to man.

(b) Mention one process of soil formation.

(c) What is soil erosion?

(d) Give one method of controlling soil erosion.

7. **Match the body part to its use.**

Body part

Use

Skin

for tasting

Nose

for chewing food

Tongue

for feeling

Teeth

for smelling

(a) Skin_____

(b) Nose_____

(c) Tongue_____

(d) Teeth_____

Thursday

1. Why is clay soil not good for growing crops?

2. From which component of the environment is charcoal made?

3. Write down one condition of weather.

4. Give one danger of floods in the environment.

5. Why do we keep animals in our homes?

6(a) Give the importance of each of the following components of the environment to man:

(i) plants

(ii) animals

(b) Why do animals move from place to place?

- (c) State one way man cares for animals in the environment.

- 7(a) Write one harmful insect to man.

- (b) Mention one insect that goes through the three stages of growth.

- (c) How can insects be useful to man?

Friday

1. Write down one example of an artificial change in our environment.

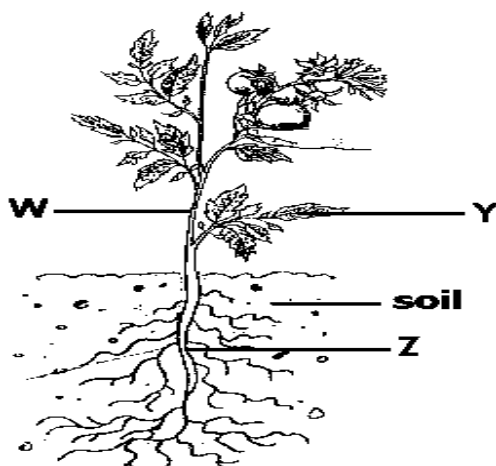

2. Give one reason why bees visit flowers.

3. Which gas in the atmosphere takes up the largest part of air?

4. Mention one use of fire at home.

5. What is a seedling?

6. **The diagram below is of a plant. Use it answer the questions that follow.**

- (a) Name the parts marked W.

(b) Give one use of part marked Y to man.

(c) How is part Z useful to a plant?

(d) State the importance of soil to the plant above.

7(a) Write down one thing that can cause accidents in a school compound.

(b) How are the following items useful in giving first aid:

(i) bandage

(ii) ambulance

(c) Give one importance of giving first aid.

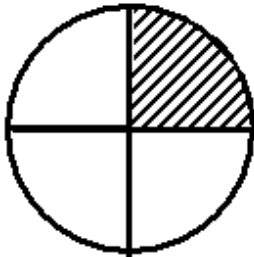

Kabojja Junior School
P. 3 Term I Holiday Work 2020
Mathematics.
WEEK I)

Monday

1. Add: $17 + 12$

2. Write 2156 in words.

3. Write the shaded fraction.

4. Find the number of days in 2 weeks.

5. A book costs sh.200. How much money do 3 such books cost?

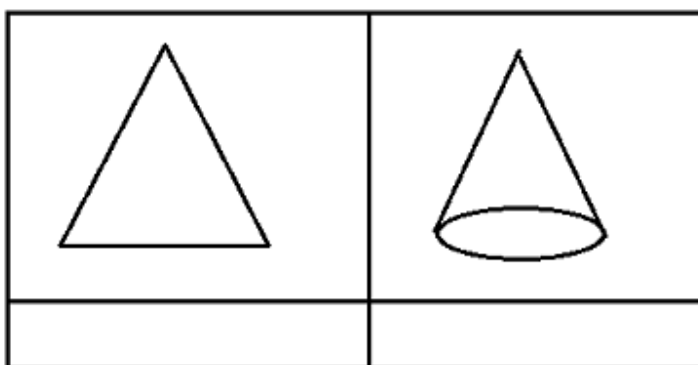

6(a) Shade $\frac{2}{3}$ of the figure given below.

(b) Add: $\frac{1}{5} + \frac{3}{5} =$

(c) Subtract: $\frac{5}{6} - \frac{3}{6} =$

22(a) Name the shapes drawn below.

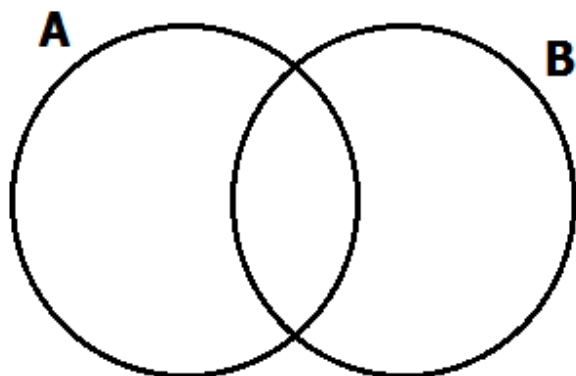

(b) Draw the following shapes in the space provided below. **(2 marks each)**

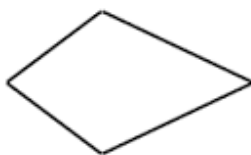

cube	cylinder

Tuesday

1. Shade the region representing $A \cup B$ on the Venn diagram below.

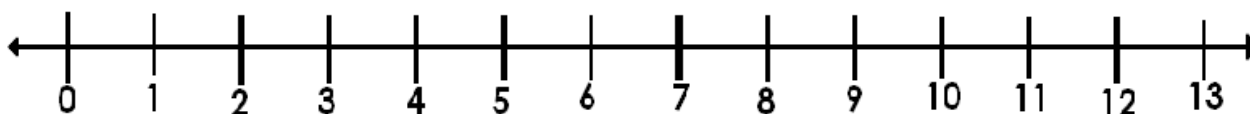

2. Name the solid figure shown below.

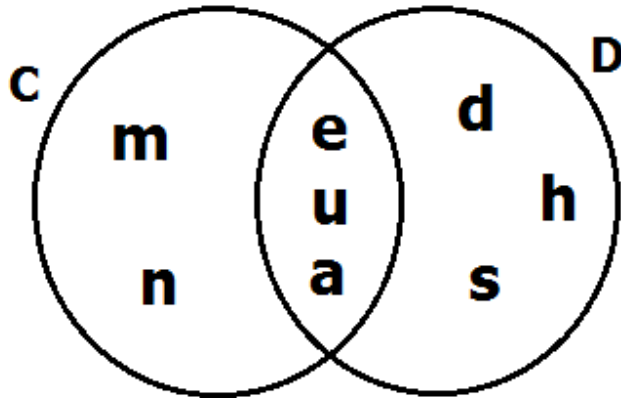

3. Fill the gap with the correct number: $\underline{\hspace{1cm}} \div 4 = 6$

4. Write the missing number: 2, 4, 6, 8, $\underline{\hspace{1cm}}$

5. Use a number line to find the answer: $2 + 5 =$

6. Use the Venn diagram below to answer the following questions.

- (a) Write down the members of set C. **(1 mark)**
- (b) Write down the members of set D. **(1 mark)**
- (c) Find $n(C \cup D)$. **(2 marks)**
- (d) List down members of $C \cap D$. **(1 mark)**

7. Balu is 5 years old. Muko is 2 years older than Balu.

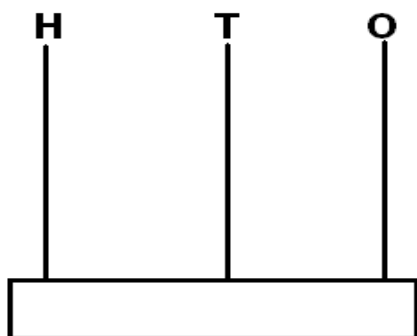

- (a) How old is Muko?
- (b) Find the total age of Muko and Balu.
- (c) How old was Balu 2 years ago?

Wednesday

1. Write 376 in expanded form.
2. Set $H = \{a, b, c, d, e\}$. Find $n(H)$.
3. What is the place value of 3 in 3865?
4. A teacher cut a pineapple into 7 equal pieces. He gave 3 pieces to John. What fraction of the pineapple did the teacher remain with?
5. Tell the time on the clock face below.

6(a) Show 143 on the abacus below.

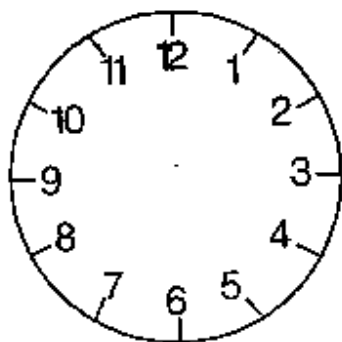

(b) Find the value of 5 in 652?

(c) What number has been expanded to give: $700 + 40 + 8$?

7(a) Name the month between July and September

(b) Write the first two days of the week.

(c) Show a half past ten on the clock face below.

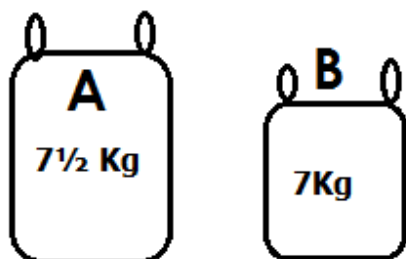

Thursday

1. A father shared 12 sweets among his 4 children. How many sweets did each child get?

3. Which number comes before 984?

3. Which sack is heavier?

4. Work out: $12\text{ m} + 15\text{ m} =$

5. Multiply: 13×2 .

6. Work out:

(a)

$$\begin{array}{r} 179 \\ - 29 \\ \hline \\ \hline \end{array}$$

- (c) Amone divided 36 sweets among his three children. How many sweets did each child get?

7. Find the missing number in the box.

(a) $\square \times 6 = 12$

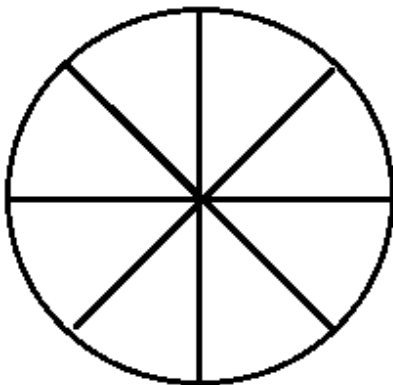

(b) $5 + \square = 8$

Friday

1. Subtract:

$$\begin{array}{r} 37 \\ - 25 \\ \hline \\ \hline \end{array}$$

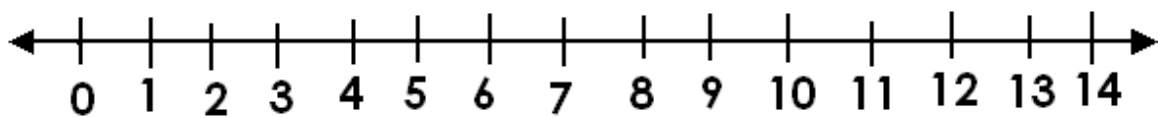

2. Shade $\frac{5}{8}$ of the figure given below.

3. Write IX in Hindu Arabic numerals.

4. Find the missing number: $5 - \square = 2$

5. Use a number line to work out: $2 \times 4 = \underline{\hspace{2cm}}$

6. Study the price list and answer the questions that follow.

ITEM	PRICE
pen	Sh.550
pencil	Sh. 150
book	Sh. 300

(a) Which item costs the smallest amount of money?

(b) How much money does Jane pay for a book and a pencil?

(c) Musa had a sh.500 coin. He bought a book. How much money did he remain with?

7. **Use =, \emptyset , \neq , or \leftrightarrow to complete the mathematical statement below.**

(a) Set P = {a, b, c, d} and set Q = {e, f, g, h}

Set P _____ set Q

(b) Set M = {square, triangle, circle} and set N = {circle, square, triangle}

Set M _____ Set N

(c) Set Y = {All birds with four legs each}

The symbol for set Y is _____

(d) Set D = {1, 2, 3, 4, 5} and set F = {a, b}

Set D _____ set F

WEEK II

Monday

1. Name the figure given below:

2. Musa used  to represent 3 hens on his farm. How many hens are represented below?

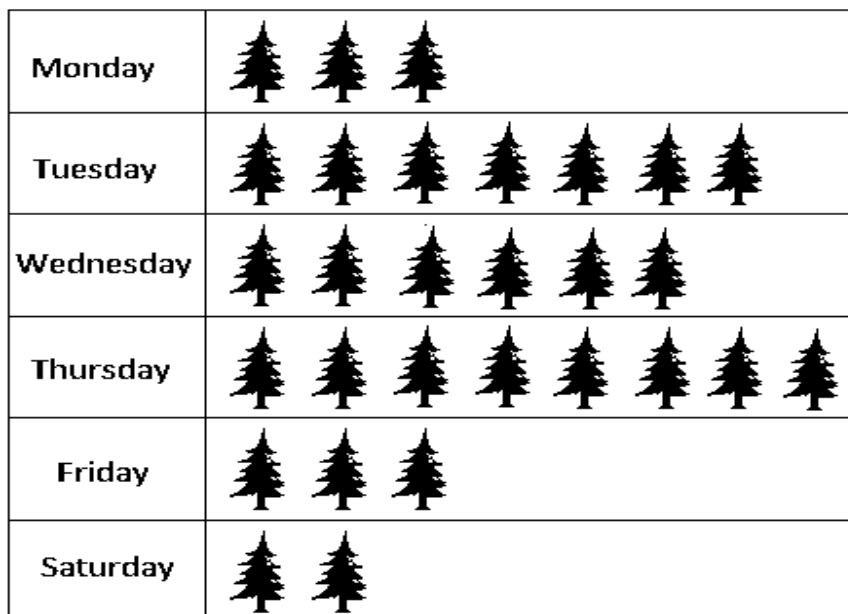

3. How many sh.200 coins can be exchanged for one sh.1000 note?

4. Write the missing number in the following sequence: 1, 3, 5, _____, _____, 11.

5. Jane is 9 years now. How old was she 3 years ago?

6. **The graph below shows the number of trees Mr. Kato planted in six days.**

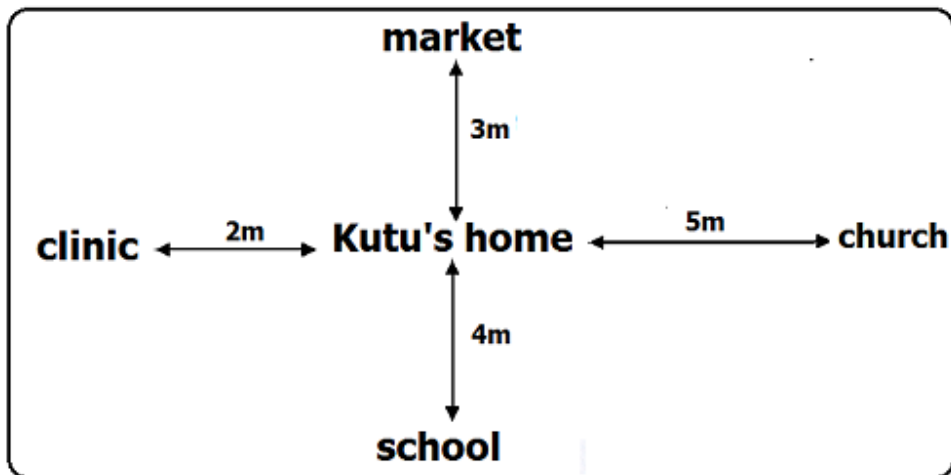

(a) On which day did Mr. Kato plant the highest number of trees?

(b) How many trees did Mr. Kato plant on Friday?

(c) On which days did he plant the same number of trees?

(d) Find the number of trees he planted on Monday and Tuesday.

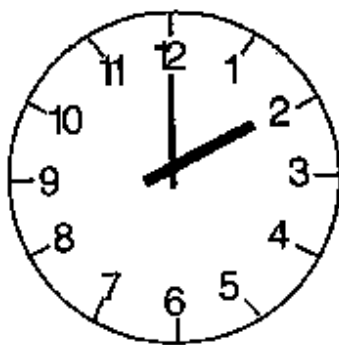

7. Study the diagram and answer the questions that follow.

- (a) In which direction is the church from Kutu's home?
- (b) What lies north of Kutu's home?
- (c) How far is Kutu's home from the school?
- (d) What is the direction of Kutu's home from the clinic?

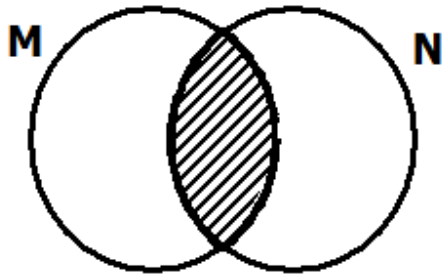

Tuesday

1. Tell the time on the clock face below.

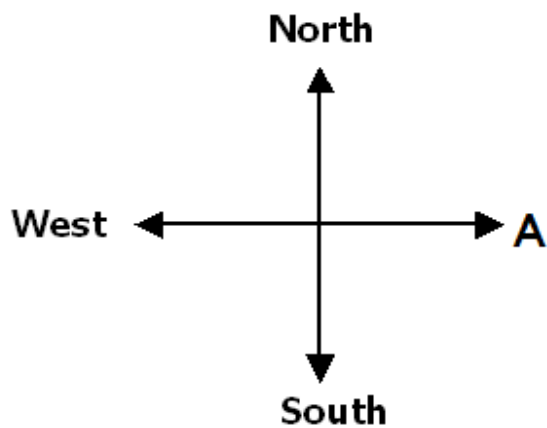

2. Add: $\frac{3}{10} + \frac{4}{10}$

3. Describe the shaded region on the Venn diagram below:

4. Name the point marked A on the compass below.

5. The distance between John's home and school is 9 metres. What distance did he remain with after walking a distance of 7 metres?

- 6(a) Write the shaded fraction.

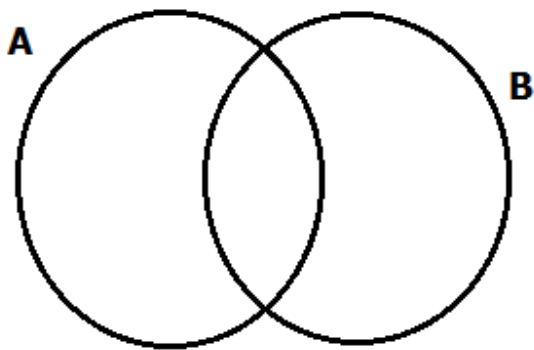

- (b) Add: $\frac{3}{7} + \frac{2}{7} = \underline{\hspace{2cm}}$

(c) Subtract: $\frac{5}{9} - \frac{3}{9} = \underline{\hspace{2cm}}$

- (d) There are 5 pencils in a tin. 2 of the pencils are blue in colour and 3 of the pencils are red in colour. What fraction of the pencils is blue in colour?

7. Given that Set A = {1, 2, 3, 4, 5} and set B = {0, 2, 4, 6}.

- (a) Use the set to complete the Venn diagram below:

- (b) Find $(A \cap B)$

- (c) Find $n(A \cup B)$

Wednesday

1. Subtract: 4 tens – 7 ones.

2. Multiply:
$$\begin{array}{r} 23 \\ \times 3 \\ \hline \\ \hline \end{array}$$

3. Use: \emptyset , $=$, or \neq to complete the statement below:

Set A = { A, B, C } and set B = { B, A, C }. Set A _____ to set B

4. Arrange the numbers from the smallest to the biggest: 202, 122, 121, 221, 112.

5. Which container contains more water?

6. Find the missing number:

(a) $3 + \square = 9$

(b) $4 \times \square = 16$

7. Given the following number: **3,741**

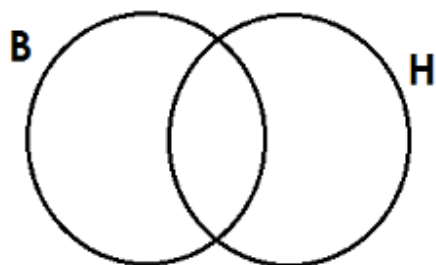

- (a) Write the number in words.

- (b) Write the number in expanded form.

- (c) Find the difference between the values of 4 and 1 in the number.

Thursday

1. Work out: 3×5
2. Write "Five thousand twenty three" in figures.
3. Shade the region of the Venn diagram that represents $B \cup H$.

4. Find the missing number in the sequence: 20 , 25 , 30 , 35 , _____

5. If  represents 10 huts, how many huts are represented by:

- 6(a) Work out:

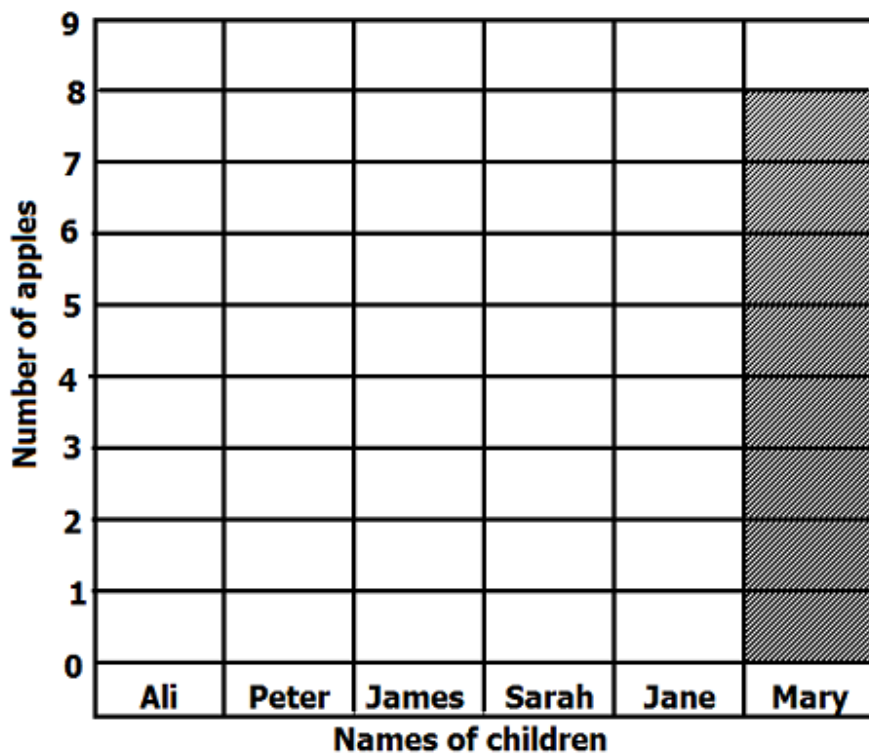

$$\begin{array}{r} 975 \\ - 632 \\ \hline \end{array}$$

(b) A trader had 8 boxes. Each box contained 6 pens. How many pens were all the 8 boxes?

(c) A man bought 36 sweets. He shares them equally among his four children. How many sweets did each child get?

7. Use the table below to shade the graph below.

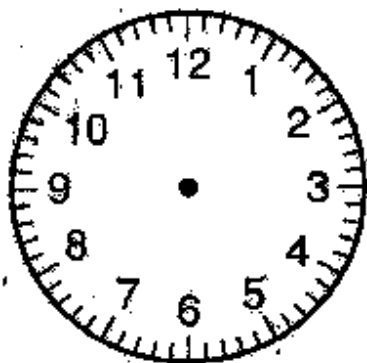

Name	Ali	Peter	James	Sarah	Jane	Mary
Number of apples	8	6	5	8	4	8

Friday

1. Arrange the number from the smallest to the biggest:
79 , 39 , 93 , 59 , 79

2. Show a half past 5 o'clock on the clock face below.

3. Subtract: $\frac{7}{10} - \frac{3}{10} =$

4. Work out: $\begin{array}{r} 2 \text{ 4 litres} \\ + 1 \text{ 2 litres} \\ \hline \end{array}$

5. Draw a cylinder in the space provided below.

6. **Match the following correctly.**

- | | | |
|-----|-----------------------------|------|
| (a) | Seventy – four | 21 |
| (b) | Two hundred one | 3092 |
| (c) | Three thousand ninety – two | 74 |
| (d) | Twenty – one | 201 |

7. Use $-$, \times , \div , or $+$ to complete the statements below. (1 mark each)

(a) $5 \underline{\hspace{2cm}} 2 = 7$

(b) $6 \underline{\hspace{2cm}} 0 = 6$

(c) $4 \underline{\hspace{2cm}} 3 = 12$

(d) $15 \underline{\hspace{2cm}} 3 = 5$

WEEK III

Monday

1. Kato had sh.700 and bought a sweet at sh.400. How much money did he remain with?

2. Add: $\frac{1}{4} + \frac{1}{4}$

3. How many days are in a fortnight?

4. Ntuyo had a rope 12 meters. He cut 7 meters off the rope. How long was the remaining part of the rope?

5. Write 16 in Roman numerals.

6. Use the calendar below to answer the questions that follow.

January, 2017

Sun.		3	10	17	24	31
Mon.		4	11	18	25	
Tue.		5	12	19	26	
Wed.		6	13	20	27	
Thur.		7	14	21	28	
Fri.	1	8	15	22	29	
Sat.	2	9	16	23	30	

- (a) Which month is shown on the calendar?
- (b) Which month follows the one on the calendar?
- (c) How many days does the month have?
- (d) On which day did the month begin?
- (e) What is the date on the third Sunday of the month?
- 7(a) Musa was told to measure the length of a stick. What units did he use?
- (b) Add: 3 litres + 4 litres =

(c) Work out:

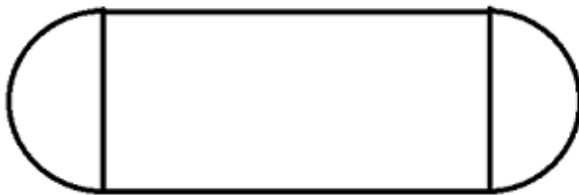

$$\begin{array}{r} 7 \quad 6 \text{ Kg} \\ - 3 \quad 7 \text{ Kg} \\ \hline \\ \hline \end{array}$$

Tuesday

1. In a class, there are 99 pupils, if there 48 girls in the class, how many boys are in that class?

2. Fill in the missing number: $6 \times \square = 12$

3. How many curved lines do you see in the figure below?

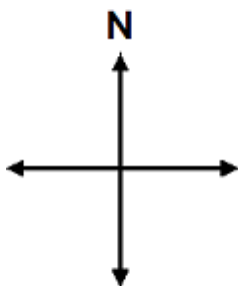

4. Given that set A and set B given below are equal, fill in the missing members in set B,

Set A: {  ,  ,  ,  }

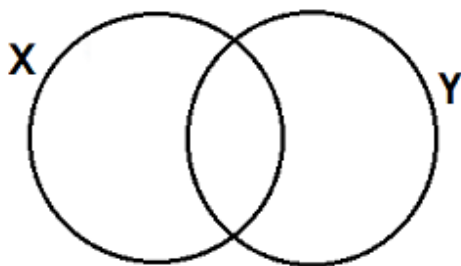

Set B: {  ,  ,  , }

5. Use letter P to mark the South point on the diagram below.

6. Given that set $X = \{\mathbf{t}, \mathbf{a}, \mathbf{k}, \mathbf{e}\}$ and $Y = \{\mathbf{s}, \mathbf{h}, \mathbf{a}, \mathbf{d}, \mathbf{e}\}$.

- (a) Use the information above to complete the Venn diagram below.

- (b) Find: $(X \cap Y)$.

- (c) Find: $X \cup Y$.

- (d) Find $n(Y)$

- 7 (a) Today is Sunday, what day of the week will it be three days after?

- (b) Name the seventh month of the year.

- (c) Write any two months of the year with 31 days.

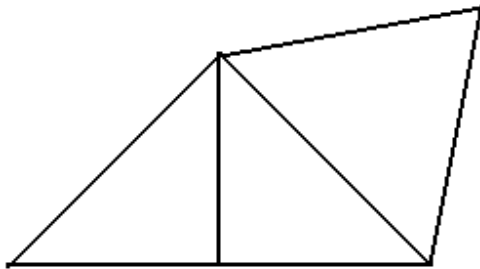

Wednesday

1. Work out:

$$\begin{array}{r} 12 \\ + 14 \\ \hline \\ \hline \end{array}$$

2. Write two thousand four hundred ten in figures.

3. How many triangles are in the figure below?

4. Write XIV in Hindu Arabic numerals.

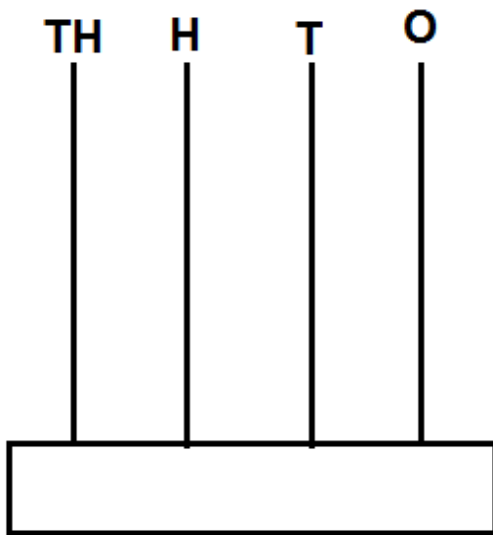

5. Write the shaded fraction.

6(a) What number has been expanded to give: $4000 + 100 + 30 + 2$?

(b) Write 737 in words.

(c) Show 3428 on the abacus drawn below.

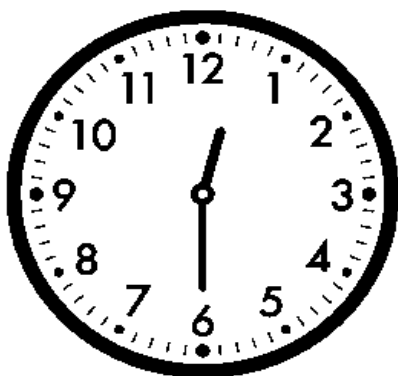

7(a) On a farm, there are 73 goats and 62 sheep. How many animals are on the farm?

(b) 8 girls shared 24 pencils equally. How many pencils did each girl get?

Thursday

1. Write the time shown on the clock face below.

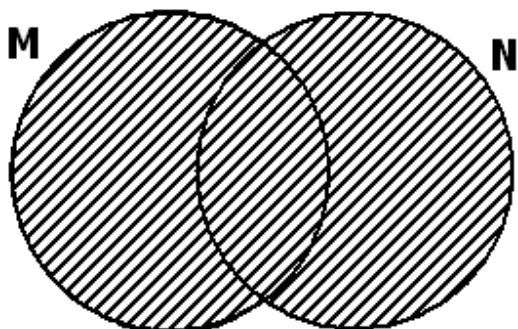

2. Find the missing number in the box:

$$7 + \square = 9$$

3. Which month of the year comes before December?

4. Name the shaded region on the Venn diagram below.

5. Work out: $13 \times 2 =$

6. Study the containers below carefully and answer the questions that follow.

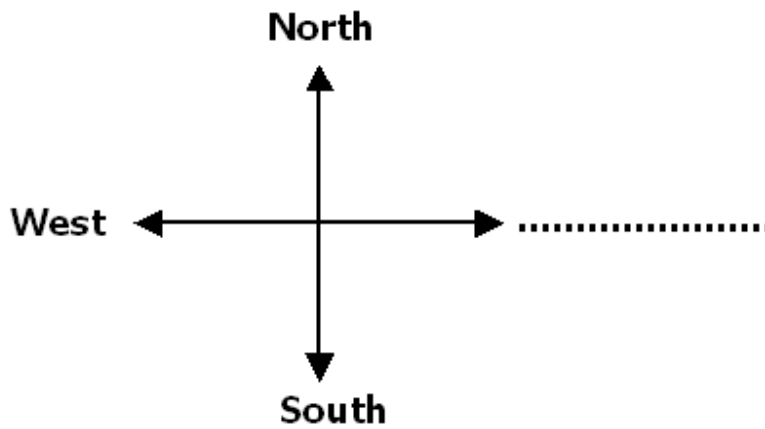

- (a) Which container holds more water than a jerrycan?
- (b) Which container holds less water than a jerrycan?
- (c) How much more water does a bucket contain than a jug?

26. Match the number names to their symbols.

- | | |
|-----------------------------|-----|
| (i) One hundred twenty-four | 304 |
| (ii) ninety-nine | 232 |
| (iii) Three hundred four | 99 |
| (iv) two hundred thirty-two | 124 |

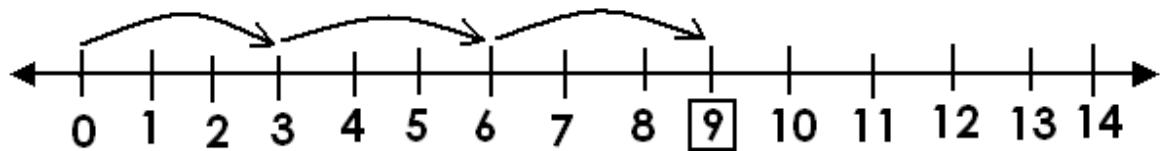

Friday

1. Write the cardinal point missing below.

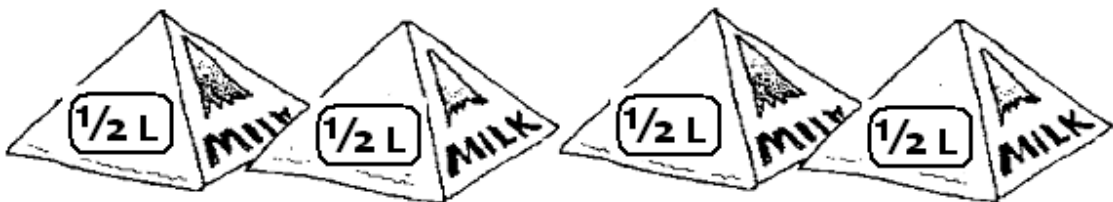

2. Write the missing number in the sequence: 1, 4, 7, 10, _____.

3. Write the statement shown on the number line.

4. Work out: $\frac{3}{7} - \frac{1}{7}$

5. James bought the following packets of milk each containing $\frac{1}{2}$ litre. How many litres of milk did he buy altogether?

6(a) Liz cut an orange into 9 equal pieces. She gave 3 pieces to her sister, Jane and ate the rest.

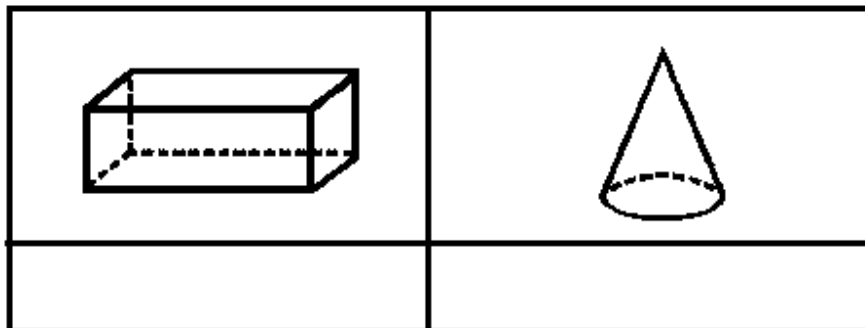

(a) How many pieces did she eat?

(b) What fraction of the orange did:

(i) Liz eat?

(ii) Jane eat?

7(a) Name the following shapes.

(b) Draw the figures named below.

semi-circle	straight line

Kabojja Junior School

P. 3 Term I Holiday Work

Religious Education

WEEK I

In questions 1 – 20, answer either Christianity or Islamic questions but not both.

1. **Either:** What is Christians' special day for prayers?

Or: Name the day of the week when do Muslims go for Juma prayer.

2. **Either:** Give one danger of stealing your neighbour's property.

Or: Mention one danger of stealing your neighbour's property.

3. **Either:** In which town was Jesus born?

Or: In which city was prophet Muhammad born?

4. **Either:** How many days did God take to create the universe?

Or: How many days did Allah take to create the world?

5. **Either:** What is the holy book for Christians?

Or: What is the holy book for Muslims?

6. **Either:** Which sacrament strengthens Christians' faith?

Or: How many times do Muslims pray a days?

7. **Either:** State one good thing Christians are expected to do.

Or: State one good thing a Muslim is expected to do.

8. **Either:** Name one apostle of Jesus Christ.

Or: How many divine books did Allah send to prophets?

9. **Either:** What animal did Jesus use for transport on Palm Sunday?

Or: Mention one thing a Muslim should do before prayers.

10. **Either:** Who was the first person God created on the earth?

Or: Who was the first person to be created by Allah?

11. **Either:** Give one common belief in Christianity.

Or: Give one common belief in Islam.

12. **Either:** Why is Virgin Mary remembered in Christianity?

Or: Why is Amina remembered in Islam?

13. **Either:** Give any one example of a leader in a family.

Or: Name any one prophet in Islam.

14. **Either:** On which day was Jesus born?

Or: On which day was prophet Muhammad born?
