TOTAL		

SECTION A: (40 Marks)

1. Multiply: 23×3

2. Write "two thousand two" in figures

3. Shade either set H or set G in the diagram below

4. Work out: $-4 + -5$

5. Express 3:45 pm as a 24-hour clock time

6. Solve: $2h + 10 = 2$

7. Lupai is 64 years old. Write his age in Roman numerals

8. A shop retailer had 7.5 kg of sugar and packed it in small packets of 500gms each. How many packets did he get out?

9. Increase sh. 24,000 by 10%

10. Find the mean of $2x$, $x+4$, 6 and $x-2$

11. If 12 books cost sh. 9600. What is the total cost of 8 similar books at the same rate?

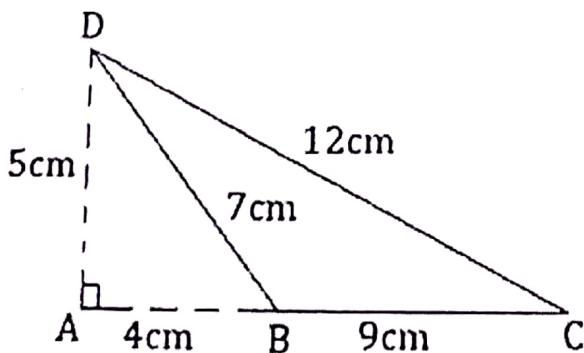

12. The bearing of town A from town B is 060° . Find the bearing of B from A

13. Solve for n in $2^n = 32$

14. After covering $\frac{2}{5}$ of the journey from home to town, a motorist still had 24 kilometres to go. How far away was town from his home?

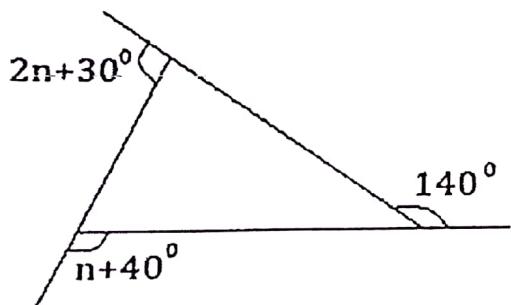

15. Express 784 in scientific notation.

16. Study the figure below and use it to the total distance around the shape BCD.

17. Two numbers are in a ratio of 6:7 respectively. When 12 is deducted from each number, the ratio becomes 3:4. Find the two numbers.

18. Use the diagram below to find the value of n .

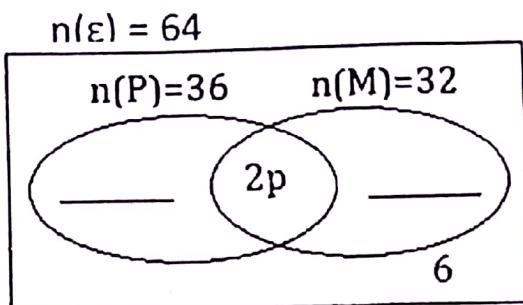

19. Given that 8 men can construct a hut in 5 days, how many more days are needed if the hut is to be constructed by 4 men?

20. The wheel of a car tyre made 3000 revolutions covering a distance of 6.6kilometres. Work out the diameter of the tyre.

SECTION B: (60 Marks)

21. In a group of 64 children, all of them like rice (R), 36 children like rice and posho (P), 32 like rice and matoöke (M), 2p like all the foodstuffs while 6 children like rice only.

a) Complete the Venn diagram below. (02 marks)

b) Find the value of p. (02 marks)

c) How many children like only two types of food stuff? (02 marks)

22. Work out the following; (02 marks@)

a) Hrs Min

$$\begin{array}{r} 6 \\ + 3 \\ \hline 27 \end{array}$$

b) Weeks Days

$$\begin{array}{r} 5 \\ - 2 \\ \hline 3 \end{array}$$

c) A parents' meeting that started at 11:25 am ended at 2:30pm.
How long did the meeting last? **(02 marks)**

23. Given that $\frac{2}{5}$ of the text books in the library are for mathematics, $\frac{1}{3}$ of the remainder are science books and the rest are for other subjects.

a) Find the fraction of the books for other subjects in the library.

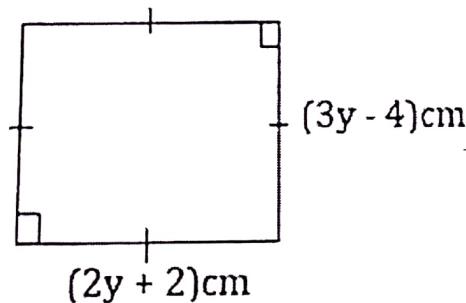

(04 marks)

b) How many books are there altogether if there are 60 mathematics text books? **(02 marks)**

24. a) Using a ruler, a pencil and a pair of compasses, construct a triangle TDA where TD=5cm, $\angle TDA = 120^\circ$ and DA = 6cm. (04 marks)

b) Measure line TA (01 mark)

25. Use the figure below to answer the questions that follow.

a) Find the value of y. (02 marks)

b) Workout the area of the figure above.

(02 marks)

26. The sum of three consecutive even numbers is 60. If the middle number is k ,

a) Find the numbers.

(04 marks)

b) Work out the range of the numbers.

(01 mark)

27. The interior angle of a regular polygon is 108° more than the exterior angle.

a) How many sides does the polygon have?

(03 marks)

b) Work out its interior angle sum.

(02 marks)

28. a) Simplify: $\frac{2.4 \times 1.8}{0.12 \times 3.6}$

(03 marks)

b) Simplify : $1\frac{1}{2} - 2\frac{1}{4} \div 2\frac{3}{4}$

(02 marks)

29. Peter is 18 years older than Paul now. In 6 years' time, Peter will be twice as old as Paul.

a) How old is Paul now?

(03 marks)

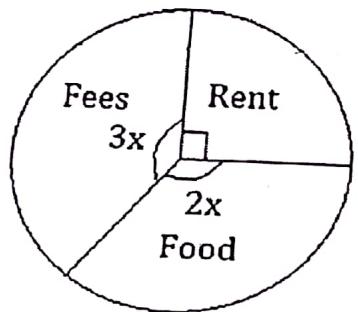

b) What will Peter's age be then?

(01 mark)

30. a) Mr. Mubooki's car covers 8km per litre of petrol. How much money will it take him to move a journey of 344km if each $\frac{1}{4}$ litre costs sh.1300? **(03 marks)**
- b) When Obai walks from home to school at a speed of 6km/hr, it takes him 30 minutes to reach school. How long will it take him if he walked at a speed of 4km/hr? **(02 marks)**
31. Three counties of Kiamba, Kiambu and Kakamega shared funds in the ratio of 2:3:5 respectively. If Kiambu got sh.144,000,
a) How much money did they share altogether? **(03 marks)**

b) How much more money did Kakamega get than Kiamba?
(02 marks)

32. The pie-chart below shows how Mr. Kafuko spends his wages of sh. 360,000

a) Find the value of X.
(02 marks)

b) How much more money does he spend on fees than on rent?
(03 marks)

.....
.....

50. You should feed animals. You should treat them when they are sick.

(Rewrite as one sentence usingnot only.....)

.....
.....

SECTION B

(Questions 51 to 55 carry 10 marks each)

51. Read the passage below and in full sentences answer the questions that follow.

Although our country, Uganda, is a third world growing country, we can still do something in order to help reduce the increasing number of accidents on our roads. So many people have passed away in road accidents. It is time to reduce this terrible, untimely danger that is spreading throughout Uganda like a bush fire.

First of all, we have to know what causes road accidents. The main cause is the carelessness of drivers who drive their cars without following road signs and regulations. These drivers should be tested properly before they are given driving permits. They should not be allowed to overload their vehicles or drink alcohol before driving.

Vehicles must be properly checked before they are driven. Spoilt vehicles or old ones should be removed from the road. Roads should be carefully constructed and widened to reduce the problem of traffic congestion. Zebra crossings should be put in places where many pedestrians cross the roads. Enough road signs should put along the roads to warn drivers of what to do. More traffic lights should be placed at crossroads to control traffic and maintain order.

In addition to the above, the public must be taught how to use roads properly. This can be done on radio and television, through newspapers and local meetings.

Finally, the traffic officers should not accept any bribes from wrong drivers, as it leads to more accidents. If we work as a team in this battle, we shall reduce the number of road accidents.

(a) What is the nationality of the writer according to the passage?

.....
.....

(b) What is the main cause of road accidents according to the writer?

.....
.....

(c) What should all drivers avoid before driving?

.....
.....

(d) Why should the roads be widened?

.....
.....

(e) What should be done to the old vehicles?

.....
.....

(f) Where should traffic lights be placed?

.....
.....

(g) Give another word or group of words with the same meaning as the following underlined words in the passage:

(i) passed away.....

(ii) untimely.....

(h) Give any two ways in which the public can be informed about road safety.

(i)

(ii)

52. Read the poem below, and in full sentences, answer the questions that follow.

It hurts me
When he handles me brutally
For I don't deserve it. I cry in pain,
At times I am burnt with flames of fire
For a simple mistake I have committed
He is my parent, but with no mercy on me,
Poor child, I have nothing to do.

He denies me food and shelter
For I came back late from school
Tied unto a peg like a goat, here I am,
Laughing in pain and hunger.
He says this is the way to put me right,
Stripes of canes marked all over my body,
Poor child, I have nothing to do.

When poverty strikes him,
He sends me into forced marriage,
For he wants to enjoy the bride price,
At fifteen years I am a mother and a wife.
Subjected to marital challenges I knew not,
He is my parent without mercy on me,
Poor child I have nothing to do.

- (a) Why is the writer burnt with flames of fire?

.....
.....

(b) How many stanzas are in the poem above?

.....
.....

(c) When is the writer forced into marriage?

.....
.....

(d) At what age is the writer a mother and a wife?

.....
.....

(e) Why does the parent send the writer into forced marriage?

.....
.....

(f) Write a sentence from the poem to prove that the writer is caned.

.....
.....

(g) Why is the writer denied food?

.....
.....

(h) Who is the author of the poem?

.....
.....

(i) Who mistreats the writer?

.....
.....

(J) Why does the writer cry in pain?

.....
.....

53. The information below appeared in the New Vision Newspaper of 20th June 2019. Read it carefully and answer the questions that follow accordingly.

APPRECIATION

The Late Festo Babu Born: 10th May 1980

Died: 10th June 2019

The family of the Late Festo Babu of Gobero village in Mitooma District extend their sincere appreciation to all their friends, relatives and in-laws who attended the funeral of the deceased at their ancestral home in Gobero village.

Special thanks go to the following people

Dr. Doru Aika who tried to save the life of the deceased.

Mr. Dezzi Akiiku who promised to pay fees for all the three children of the deceased.

We shall miss him dearly

May His Soul Rest in Peace

By Catherine Nakalema (sister to the deceased)

Questions

1. Where can one find the above information?

.....
.....

2. Who is the deceased according to the information?

.....
.....

3. Where was the deceased buried?

.....
.....

4. How old was the deceased by the time he died?

.....
.....

5. What do you think is the occupation of Doru Aika?

.....
.....

6. Why was Mr. Dezzi Akiiki given special thanks?

.....
.....

7. How was Catherine related to the deceased?

.....
.....

8. How many children is the family of the deceased survived by?

.....
.....

9. At what age did the deceased died?

.....
.....

10. Give a word or group of words to mean the same as the underlined word.

.....
.....

54. The sentences below are in a wrong order. Rearrange them to make a meaningful story about examinations.-

- a) At the end of the day, success will be the last reward.
- b) There are a number of reasons to support this.
- c) Without forgetting consulting the teachers.
- d) Examinations are very important.
- e) One of the reasons, examinations are done for promotion.
- f) Secondly, they are done to check learner's ability.
- g) Through hard work and making thorough revision.
- h) Instead, the learner should prepare for them.
- i) Thirdly, they are done to prepare learners for National exams like PLE, UCE among others.
- j) For the above reasons, a learner should not fear exams.

55. Use the words given below to complete the blanks in the story.

entertain	fundraising	begin	interesting	generously
programme	chief guest	departed	parents	function

Last term, Buganda Road Primary School organised ceremony. It was at the beginning of the term. All parents were invited through their children. The was Hon. Kidhu Makubuya.

The teacher in charge of the was the one to draw the programme for the day. On arrival, each guest was provided with the Many parents came to attend the function. Before the function could....., the were addressed by the teacher on duty. They were instructed on what to do and each of them had to comply.

The function began at 2:30 p.m. with a prayer after which, there was some entertainment by the pupils. Later, the head teacher invited the guest of honour to open the function. It was an day because everybody was happy and the parents contributed during the process of auctioning the things.

Although the pupils still wanted to the parents, the M.C. announced that the function had come to an end. A closing prayer was said and then everybody

SECTION A

1. How are the eyes important to human beings?

.....
.....

2. Name any one living component of the environment.

.....
.....

3. Name one method of controlling tooth decay.

.....
.....

4. Name one product got from goats

.....
.....

5. What is the best way of controlling the eight killer diseases in children?

.....
.....

6. What does "photo "mean in the word photosynthesis?

.....
.....

7. Explain how larva stages of butterflies protect themselves.

.....
.....

8. Name one device used in grooming finger nails.

.....
.....

9. Give one-way plants depend on animals.

.....

.....

.....

11. Give the main reason why individual families and communities are encouraged to carry out sanitation.

.....

.....

12. Name the sensory organ that enable us to detect tasty food.

.....

.....

13. Name the disease vector that spreads elephantiasis.

.....

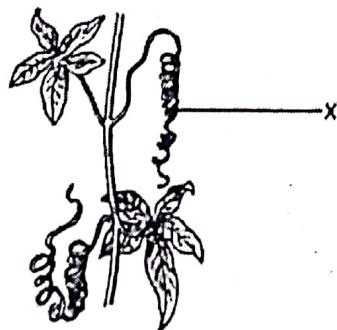

.....

14. Suggest one importance of breast feeding to a baby.

.....

.....

Use the diagram to answers the questions 15 and 16.

15. Name the part marked X

.....
.....

16. How important is the part labelled X

.....
.....

17. Suggest one danger of pouring paraffin in an ordinary pit latrine

.....
.....

18. Give one cause of poor yields in crop farming.

.....
.....

19. Suggest one negative effect of alcoholism in the society.

.....
.....

20. Mosses and conifers are non-flowering plants; how do they differ?

.....
.....

21. Why is it dangerous to drink unboiled water?

.....
.....

29. Give one use of water at home.

.....
.....

30. Suggest any one factor that affects the pitch of sound.

.....
.....

31. What type of change is freezing of water?

.....
.....

32. What is the freezing point of pure water?

.....
.....

33. Give any one bad life style.

.....
.....

34. Why do we always plant grass in our compound?

.....
.....

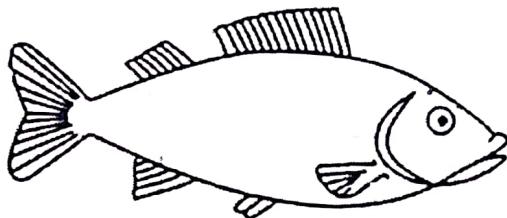

35. What food nutrients is given to chicken to lay hard shelled eggs?

.....
.....

36. Give any one importance of good posture to a human being

.....
.....

37. Below is a diagram of a fish. Draw scales on it

38. Name the organs insects use for breathing.

.....
.....
.....
.....

39. How does smoking the latrine help it to become fresh?

.....
.....
.....
.....

40. Name the germ that causes malaria

SECTION B

41. a) What are vertebrates?

.....
.....

b) Give two similarities between birds and reptiles

- i)
- ii)

c) Which type of skeleton do snakes have?

.....
.....

42. a) Give the principal source of each of the following food stuff

i) Carbohydrates

.....
.....

ii) Vitamins

.....
.....

iii) Proteins

.....
.....

b) Give any one sign of malnutrition disease in a child.

.....
.....

43. a) Give two functions of blood in the human body.

i).....

ii).....

b) Name any two blood components.

i).....

ii).....

44. a) Give any two examples of swimming birds.

i).....

ii).....

b) Give any two diseases of birds.

i).....

ii).....

45. a) Name the non-metal in a cell that conducts electricity.

.....

b) Why is the filament of an electric bulb coiled?

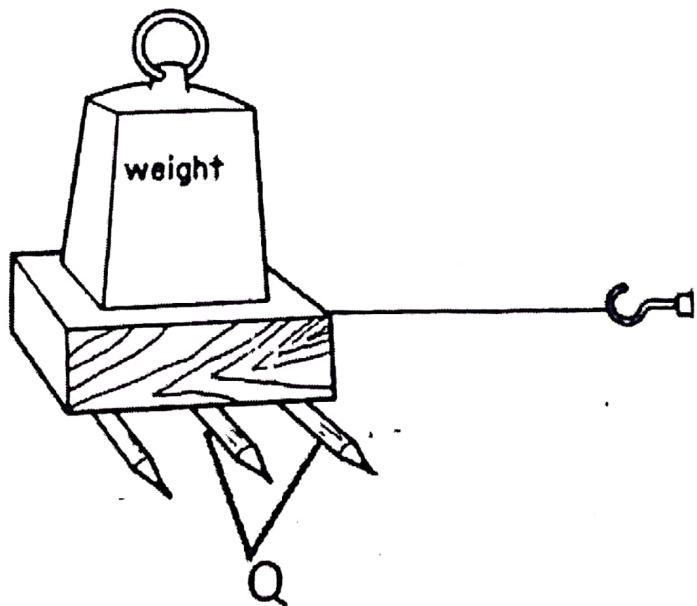

.....

c) In which units are the following measured

i) current.....

ii) E.m.f.....

46. The diagram below is of one of the methods of controlling friction. Use it to answer questions that follow

a) Name the part marked with letter Q.

.....

.....

b) Give two ways in which friction is important in our day-to-day life experience.

- i).....
- ii).....

c) Which particular type of friction is prevented by streamlined body shape?

.....
.....

47 a) Give two reasons why schools should have school gardens.

- i)
- ii)

b) Explain the following garden practices:

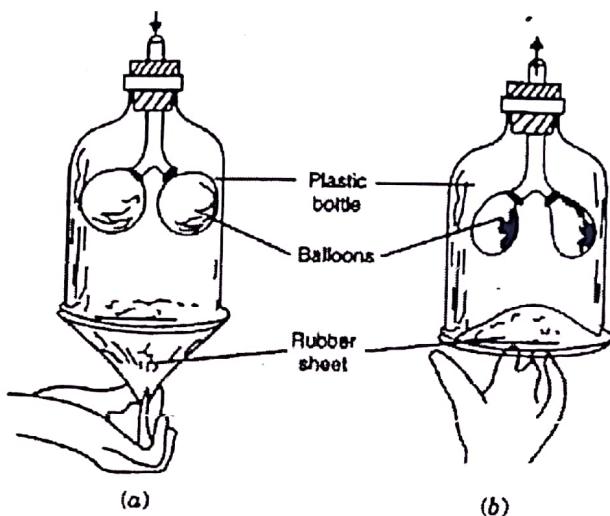

i) Thinning

.....
.....

ii) Pruning

.....
.....

48 Below is a model of the systems in a human body use to answer the questions that follow.

a) Name system represented above.

b) Name the part represented by;

- i) Plastic bottle.....
- ii) Rubber sheet.....

c) State one hereditary disease which affects the above system

49. a) In which one natural are breezes important in our environment.

b) Which type of breeze takes place during day?

.....
.....

c) Apart from breezes where else does convection process take place

- i)
- ii)

50. a) Give two examples of antagonistic muscles.

- i)
- ii)

b) state two disorders of a human skeleton

- i)
- ii)

51. a) How are the following components of the environment used as energy resources.

i) Horses.....

.....

ii) Water.....

.....

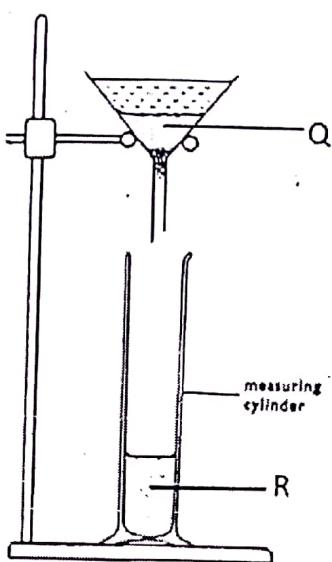

iii) Sun.....

.....

b) Give one way of conserving trees in our environment

.....
.....

52. Below is a diagram of one of the methods of cleaning water

a) Name the method of cleaning water shown above

b) Mention any two local materials used to filter water

- i).....
- ii).....

c) Name the part marked with letter R

53. Arrange the following sentences to come up a meaningful scientific process

- a) The plumule merges out of the seed coat
- b) Root hairs grow
- c) The seed absorbs water and swells
- d) The radicle merges out of the seed coat

CORRECT ORDER

- a)
- b)
- c)
- d)

54. What is air

-
-
-
- b) Which the gas that helps;
 - i) Plants to make its own food.....
 - ii) In rusting process.....
 - iii) In preservation of beverages.....

55. Match the following correctly

- | | |
|------------------------|-----------------------|
| i) Kidneys | Gaseous exchange |
| ii) Lungs | Fight against disease |
| iii) White Blood cells | Helps Blood to clot. |
| iv) Blood Platelets | Filtration of Blood |

- i. Kidneys
- ii. Lungs
- iii. White blood cells
- iv. Blood Platelets
