51. Read the story that was put in the readers' articles in the New Vision newspaper of Saturday 24th August, 2013 and then answer questions about it in full form.

Money is said to be a medium of exchange for goods and services. At some point people say that God made man and man made money but money made man run mad. Money is both good and bad in many ways. For instance, on the good side, money is needed to pay taxes, school fees, buy food, medicine, and many others. It is also needed to buy household property and for all sorts of entertainment. Without money life becomes very uncomfortable. Parents can't build good houses, they can't buy good clothes and neither can they buy good cars and many other things that we need in our every day walk of life. Money is needed in order to organize social functions like weddings, etc. Money is also needed during miserable situations like when one has lost a dear one.

On the other hand, money is said to be the root –cause of all sorts of evil and suffering in the whole world. Some people misuse it to do havoc to others in the society. For example some people give false witness to others, just because they want to get money. Children are sacrificed because people want to get money. The greed for money has brought about corruption, bribery, murder, robbery, jealousy, favouritism, segregation and all sorts of evil practices in the entire universe.

What would the world look like if there was no money?
